# TALK TO ME

*Talk To Me about 1981-1982 said the student body of MHS.*

*Well . . .*

*It was a year of changes which include faculty switches, a more independent sports program, a tighter budget, a millage request, and some terrifying world-wide occurrences. Far from everything which took place during the year was depressing. In fact, the year brought several SCAL titles, academic awards, special events, and community involvement. Through it all there was communication. With words and pictures the Viking Staff Talks To You.*

Students at MHS are given a week to construct their floats. There is always panic on Thursday night but somehow by Friday's parade they are all there, assembled and beautiful. This year was an exceptional year because not only were the classes involved, but school organizations too. Congratulations to all who participated—you are all winners!!!!*

*This year's Student Council had quite a few good things going. First on the agenda was Homecoming. This year's Homecoming Dance attendance doubled over last year's and the parade was super. The butterscotch campaign was next, and according to Mr. Pavlov it was a great success. Student Council ran the popcorn machine during football games and also tried something new. They rented the popcorn machine to other MHS clubs and groups. They got into the*

Also a dance-a-thon was given to raise money for the fight against Muscular Dystrophy. Student Council's final project on the agenda was the Marysville blood drive. # READ WHAT EVERYONE IS SAYING

*It takes a lot of skill and cooperation to put out a newspaper, and you will find both on the Amplifier staff.*

*The students on the Amplifier staff have been busy getting the news, typing it, getting it published, putting the paper together, and selling it.*

*The Amplifier staff has many goals, but it's main goal is to entertain the readers, which it does well. They put out articles that the readers will be interested in.*

*The staff had another goal—to get the students and the teachers to buy their GIANT Christmas issue. It was a great success.*

*The Amplifier had some new things this year. First, it was Mr. Schmorrow's first year on the staff. Second, the paper had the reverb page, and a few other special pages. Third, Mr. Schmorrow decided to sell ads this year. The paper cost money to make, so they used the ad money and the money they charged the students to cover the cost of the paper.*

Being an editor took it's toll on Jeff Hart.

**Mr. Goetz gives his comments on the Nature Appreciation Club:**

**What are the goals this year?**

**A:** Our goals are usually the same each year. To make the student body of M.H.S. aware of the plight of many endangered species, to preserve and protect wildlife and natural resources and to actively get our members involved in enjoying nature and what it has to offer.

**What is your theme this year?**

**A:** I guess our theme this year is "The Year of The Eagle" since our wildlife week will be dedicated to this bird—our national symbol.

First Row: Kim Sabb, Rob French, Kathy Benoit, Les Deboyer, Dan Curley, Scott Forester, Roger Smarch, Craig Frizzle, Mr. Goetz. Second Row: Tim Hartig, Charlie Campbell, Beth Cozy, Lisa Clark, Margie Deban, Marilee Johnson, Carol Foglesong, Rod McLane, Laura Mackay, Laura Anderson. Top Row: Julie Jowett, Ann Cleaver, Tammy Routen, Eileen Mack, Jody Johnson, Ron Horne, Scott Burley, Sue Wixson, Dawn Koehler.

**How do you raise your money?**

**A:** Various ways; candy sales, tree selling (in honor of Arbor Day), T-shirts, etc.

**How much have you made?**

**A:** This is only an estimate since our tree sale is going on right now and has been quite successful so far and our candy sale begins March 5th. About \$200.00 I guess. The proceeds from our fund raises help to defray our costs for various outings.

**How large is the club?**

**A:** About 65 members, active members about 40-45.

**What do people think of your club?**

**A:** I think the members enjoy it, however many members spread themselves too thin and can't make many meetings because of all of the other commitments they are involved in.

**What are some trips that are planned?**

**A:** We've gone on these outings already such as a fall hay ride, winter party at my house with a trip to Detroit Zoo, snow skiing at Pine Knob, a weekend ski trip to Caberfae in Cadillac, Michigan, trip to the Detroit Science Center, canoe trip on the Big Monistee River and visit the Silber Lake Sand Dunes, horseback riding, volleyball night, Cedar Point and our 2nd annual backpacking 2 week trip to either the Grand Tetons in Wyoming, Glacier National Park in Montana.

*NHS was busy this year behind the scenes. They started things out with a poster and novelty sale which was a huge success. They also had their annual Christmas party for a Woodlands class. Here they decorated a tree, frosted cookies, played games, and Santa Claus delivered gifts to the children. Also this year new sashes are being made for the graduating NHS seniors. It has been 10 years since the last ones were made and new sashes were definitely needed. NHS*

*also was responsible for student recognition. Alicia Kim and Lisa Juzysta were nominated for the NHS scholarship.*

*"Scholarship, service, leadership, and character are the four qualities on which membership in NHS is based. These qualities comprise a complete student. The sponsor has an easy job when the members possess these attributes and put them to work." comments Mrs. Gorham.*

# NHS RANKS No. 1

*National Honor Society Members: Sue Wixon; President, Laurie Lasko, Janice Taylor, Karen Trasko, and Lisa Juzysta.*

National Honor Society is a different kind of group. It is one of the few clubs in Marysville High where you can't just join but you have to be asked first. Some believe that you can only be in NHS if you have good grades but that isn't all true. Grades do have an important part in being accepted, but leadership is just as important, too. To be accepted into NHS as a sophomore you must have at least a 3.5 average; a junior 3.4, and a senior 3.3 grade point average. This is just the beginning. Then you are given the choice to be in this group. If you would like to, you have to fill out a form listing the activities you belong in during school and in the community. Then your sheets are rated to the clubs standards. After this, it still isn't over, but you are then presented to the teachers and they rate you on leadership, service, and character.

Then finally you are presented to the faculty committee which consists of a teacher from each department in the school.

"The National Honor Society ranks as one of the oldest and most prestigious national organizations for high school students. Chapters exist in three-fourths of the nation's high schools and since 1921, more than six million students have been selected to membership. There have been two National Honor Society chapters at Marysville High School since 1938, when 14 charter members were installed." Comments Ms Riherd.

*National Honor Society twins: Joyce and Janice Taylor and Mark Turner.*

# ARC Entertains Students

During an afternoon performance on February 9, the students were given a sample of ARC's musical talent. ARC, the former Salt and Light Company is a musical group of 3 women and 8 men. ARC sang a medley of songs from the 50's to the present, including songs by the Beatles, Kenny Rogers, and the Beach Boys. They also sang songs by Styx and The Little River Band.

During their performance they chose students out of the audience; Micky Muir and Anne Hayes were serenaded by Dan Gillett, while Mark Storey was captivated by Carolyn Salyers' voice. They also asked for students' opinions on how people choose their friends, and how they feel about their school. When they weren't singing they put on a skit about a school cafeteria, and the problems of being a new student. Another performance was put on that evening.

The concert was just one of the many activities sponsored by Campus Life—an organization of Youth for Christ, that deal with the mental, spiritual, social, and physical aspects of life. They have meetings every Monday night, and they're planning a Florida "Break-away" in the spring. A bike trip to Toronto is the activity planned for the summer.

# the Best of Times''

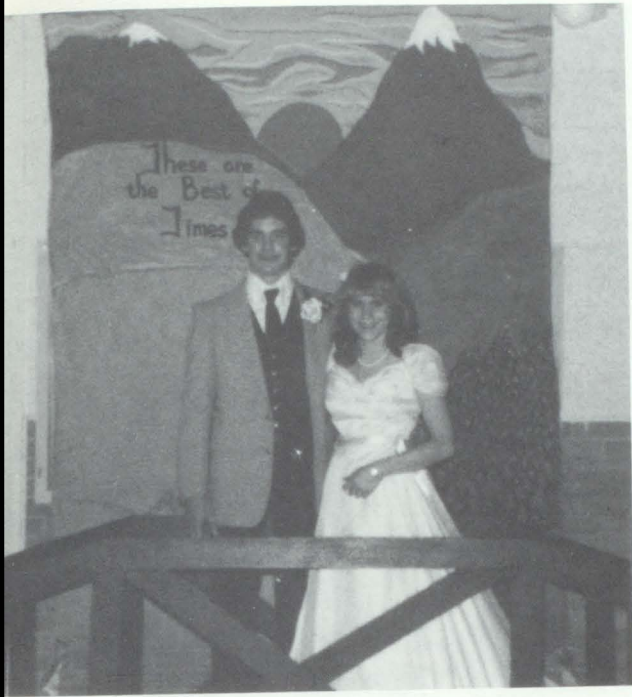

"These are the Best of Times" was the 1982 Junior Prom theme. The prom was held at Gardens Elementary School. Never in the history of Marysville High has there been a bigger or better turnout for a junior prom. Approximately 170 people attended.

"Junior Prom Class of '83" was written in blue letters on a big cake, along with assorted cookies and candy. A punch fountain added to the decor.

Streamers and balloons were only a beginning to the decorations. Blue and white carnations along with champagne glasses helped to set off the tables. A landscape view of the Rocky Mountains (with the help of a bridge) painted by Laura Anderson proved to be an excellent place to get your picture taken.

Spyz was the band that made the evening a success. Almost everyone was pleased with the band. They played everything from punk to rock to mellow music, thus keeping everyone quite satisfied.

"It was worth all the time we put into it and alot of the success goes to the people on the committees, but it's the people that showed up that made it worthwhile." says Junior Class President, Kathy Benoit.

# "TRAVEL CLUB

2

*Forty-three new members joined Travel Club this year, increasing the groups size to 76.*

*"We contact more people, therefore they know more about the club, it gives us more publicity", said advisor Miss Butler.*

*"Vikings are on top of the World" was their theme on the Homecoming float, which was entered in the annual parade.*

*An international pot luck, and a fondue dinner were just a couple of the activities that the club participated in. The club had the honor of leading the caroling at the Christmas Tree Lighting Ceremony, held in front of City Hall.*

*Through candy bar, keychain, and button sales, the club raised enough money to take a Carribean Cruise, from April 9-18. The cruise took the members from Key West Florida to Kozumel Mexico. This trip was the highlight of their year.*

Mr. Morlock is a fidgety, nervous, grouchy old goat who doesn't like anything but money. He won't let his family do anything and he gripes continually about his aches and pains.

He refuses to allow his daughter, Mary to become engaged to Joe Lanconi because Joe's papa is poor.

When Joe's papa, Luigi, comes over to plead his son's case, he's practically booted out of the house. They fuss and fight everywhere. Morlock, known as P.U. to his few friends, says that if Mary weds Joe it will be over his dead body. Luigi says that if they don't it'll be over his, and round and round they go.

Suddenly Luigi's weak heart takes a spell and he konks out. Morlock is soon frantic. His family thinks he's lost his marbles when he talks to himself, for Luigi is made visible only to him.

Luigi continues to haunt Mr. Morlock even more frantically. Morlock loses his mind and soon he, too, kicks the bucket.

Did this end it all? NO! The spirits of Luigi and Morlock meet and continue to fight, when all of a sudden they meet up with Lucifer, the devil—pitchfork and all, to take Mr. Morlock to the "lower regions".

To top it off, he sees the Morlock home continue as if nothing happened. No one misses him.

He finally realizes what a heel he's been. If only he had another chance—then Mildred the maid awakens him from the sofa. It's all been a bad dream. He didn't die, and neither did Luigi.

Needless to say, a very reformed Mr. Morlock makes vast promises, okays the wedding, and peace finally reigns.

1—Mildred the maid, has to answer the phone.

2—Mary, Luigi, and Mrs. Morlock, look at some brochures that Mr. Black brought from the funeral home.

3—Lucifer came up from the "lower regions".

4—Mr. Kraft, Junior play director.

One of the most hectic stages in a girl's life is that heart-rending time when she finds herself too old to do what she used to do, but too young to do what she wants to do. That is exactly what is staring Betty Lou Maxwell square in the face. Sister Connie goes with boys right and left and little brother Wilbur is running his legs off, while Betty Lou stays at home. No fun, no fellows, no nothin'! But her best friend Bernadine comes up with an idea. If Betty Lou could be kidnapped—she could have everything her own way. So they put their heads together, write a ransom note, stick it to the wall with an ice-pic, and Betty Lou sneaks over to Bernadine's house. Exactly according to plans Mama and Papa are frantic; they say if Betty Lou were only back, they would be so lenient. Precisely according to plans, Betty Lou awaits the Big Moment for her dramatic entrance. But—Elmer and Muggsy, a couple of not-too-bright, would-be-robbers come rummaging through the house looking for the ransom money, when they can't find it, they kidnap Betty Lou. Meanwhile, Mama and Papa Maxwell have just found out that the girls made the whole thing up, and refuse to believe Bernadine who's telling the truth this time. Even little brother Wilbur gets kidnapped and everything is thrown into turmoil.

The seniors tried something new this year, and made their 1st performance on Wednesday morning for the junior high. "She Fainted Again" was presented on November 18, 19, 20, 21.

## Communications through actions

Voice-A-grams, childrens plays jewelry, carnivals, and State and International conferences are all common terms to this years Thesplan troupe #2252.

Much time and creativity from both students and directors was put forth, skyrocketing the drama club treasury to a near record-setting year.

Troupe members worked in make-up clinics and painted faces of the many clowns who lined the streets in the annual Homecoming Day Parade, and several members displayed their drama efforts at the "Art Train" in St. Clair.

Many club members played in the all-school musical which highlighted the second semester for the International Thesplan Society, proving the 1981-82 school year to be among the busiest as well as most sucessful.

# Vikettes Set Record

With an overall record of 19 wins and 8 losses, the Varsity Softball team set a new school record for most wins. Their league record was 8 wins 4 losses, putting them in a tie for third place with Imlay City. Awards given out this year were Most Improved Player to catcher Lynne Mozal, and the Most Valuable Player Award was split between outfielder, Jill Miller, and pitcher, Heidi McLane. McLane was also chosen to the SCAL All League First Team along with short-stop Lisa Juzysta. Miller was the only Marysville player chosen to the SCAL All League Second Team. Honorable Mention was awarded to Cindy Mertz and Amy Sawdon. Tournaments this year included Cass City Invationals and District Finals. In Cass City, Marysville lost in the finals to Millington 2-1. Districts this year were held here in Marysville and the Vikings lost to Richmond 3-0 in the

finals. Richmond scored all of their runs in one inning and went on to the Regional finals where they lost 10-9 to the eventual State Champs. The biggest disappointment for the team was a tough 6-5 loss at Algonac on a disputed umpire's call at home plate. A win would have put Marysville in a first place tie. "After fifteen years of coaching boy's and men's baseball and softball, and one year of coaching girls, there's not much difference at all. I coached the same way and girls actually seemed a little more enthusiastic toward the sport, of course softball is a little more fast moving and exciting than baseball. Girls want to win just as badly as the boys do!" stated Coach Venia. The outlook for 1982 is a League championship, District championship, and a good showing in the State Tournament.

# FUN SEASON FOR JV SOFTBALL

Marysville vs. Roseville turned out to be the 1981 girls' J.V. softball team's most exciting game. The Vikings put forth a team effort and came from behind to win the game 8-6. According to Coach Burns, the team had two awards, one for the outstanding outfielder and the other for outstanding infielder. The outfielders award went to Melissa Angus, freshman at the time. Melissa's main position was left-field.

The infielders award went to Tracey Mertz, who was also a freshman at the time. Tracey's main position was shortstop. Judy Mertz, a sophomore during the 1981 season, was the team's main pitcher, "All in all it was a fun season." commented Coach Burns. Although she can't complain because the 1981 J.V. team had 7 wins over 9 losses, which is a great improvement over the previous years 1-13 record. "I'm looking forward to an even better season next year!" says Coach Burns.

# BASEBALL

Last year's Freshmen baseball team had an excellent record of 9 wins and 1 loss with 2 games rained out. Their best game was with Lanse Creuse with whom they split one game and were handed their only loss of the year with the other. Most of the pitching victories went to Dave McKenzie and Tim Smith. These two were also two of the best hitters on the team.

Cliff Bergdoll, the team's centerfielder, anchored the outfield throughout the entire season. "What really made this team a special team was the great outlook and attitude. They were not only talented, but they were also fun to work with," said Coach Quinlan.

# VARSITY DRIBBLES WITH EASE

"The most exciting game this year was our win over Richmond in the district opener. We froze the ball, and played tough defense and beat a team that no one else in our league had beaten."

Coach Allen stated, "The major asset of our team this year was our defense. We finished the season as number 1 defense team in the area."

"The toughest team we played this year was Oxford. They have been rated the number 1 class B team in the

state. Oxford had their entire front line back from the previous year when they made it to the quarter finals."

"Our best game was probably against Clintondale where we played a class A school with good height and speed. Everyone on our team played, and played well."

Coach Allen added, "The girls varsity basketball team finished with a fine season record, considering the experience from the previous year. We will miss greatly our seniors."

# J.V. TAKES CHAMPIONSHIP

The toughest team the JV football team faced this year was Port Huron High; their speed and quickness was the best the JV's had seen all year. Coming out the victors, Coach Houck considered this their best and most exciting game. The JV team lost only one game this year, which was their first game, against Romeo. They were the league Champions with a record of 8-1. Team depth at both defensive and offensive positions, was a very important asset. Several players were asked to play more than one position during the season and gained valuable experience for next year's varsity team. Coach Houck commented that this was a talented, and hardworking team, and they should look forward to another fine season next year.

# STATE QUARTERFINALISTS

1

What a year! That's the only way to describe this year's varsity football season. The team went 9-0 in regular season, capturing the SCAL championship, but lost to Farmington Hills Harrison Ford, by a score of 23-13. This was the first time in Marysville's History that the Vikings made it to playoffs. Farmington Hills went on to win the state championship.

The toughest game of the regular season was against Marine City, who the Vikings beat 17-0. This was the team's lowest score of the regular season, Marysville averaged 36 points per game.

Offensive players named to All Area included Barry Braun, John Hartig, Sam Hudson Brad Allen, and Ron Horne. Defensive players named were Tim Barbe, Todd Baker, and Rod McLane. Jim Wilson, Les

DeBoyer, and Bill Bowman got Honorable Mentions in All Area Defense. John Hartig made All Metro East 1st team, while Sam Hudson and Bill Bowman made 2nd team. # 16 Game Winning Streak

*"The team compiled a 16 game winning streak, the longest for any Marysville Girls' JV Team" replied Coach Schmorow when asked about his team.*

*He also stated, "The most exciting game for a spectator was probably in the 60-55 win over St. Clair, this was an unheard of score from the Girls JV. For the team, our one point victory at Richmond was the most exciting."*

*Even though the Girls were an excellent team, they still had some tough games. One of them was against Richmond, because there was equal talent and intense rivalry.*

*When Coach Schmorow was asked what their best game was he replied, "Our victory over Richmond was our best game, at this time we executed, functioned and individually performed exceptionally well because we were a team for the first time."*

*Later Coach Schmorow commented, "Teamwork is our biggest asset and from week to week it steadily improved."*

# JV SHOWS TEAM WORK

Back Row: Tina Angus, Bobbi Jo Ferguson, Kim Ladd, Kathy Hartig, Melissa Angus, Front Row: Jennifer Lepak, Renee Mozal, Heidi Winniger, Annette Durcan.

*Enthusiam and teamwork, are two words that could be used to describe this year's Junior Varsity Volleyball Team, coached by Mrs. Crisenberry. Communication and teamwork are what she seemed to stress as most important. The results of team vote are . . . Bobbi Jo Ferguson was voted as best spiker, Annette Durcan was voted best server and Kathy Hartig and Melissa Angus were voted best setters. Toughest team they played this year was Marine City. Although Marysville J.V. lost to them, according to some members of the team they felt it was the best game they played. During their practices they really had to work. After spending a lot of time on conditioning skills, which include calisthenics, but also much more, they practiced their serves. Coach Crisenberry felt serving was very important. Also during their practices they worked on perfecting their sets, spiking and bumps. The outlook on next year is very good, because this year the team is made up of mostly freshmen. Next season they will have a lot of experience on the team.*

# VIKINGS TAKE SCAL

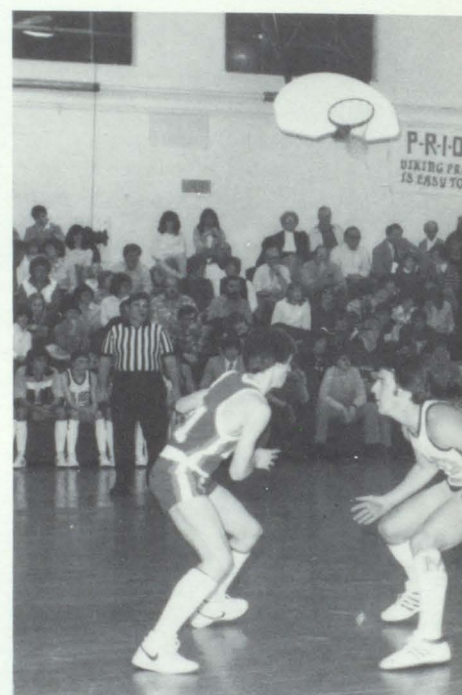

1.

Marine City turned out to be this year's most exciting game for the Varsity Basketball team. The reason for this is because it clinched the league championship for us. The overall record was 16 wins and 5 losses. The league record was 11 wins and 1 loss. These

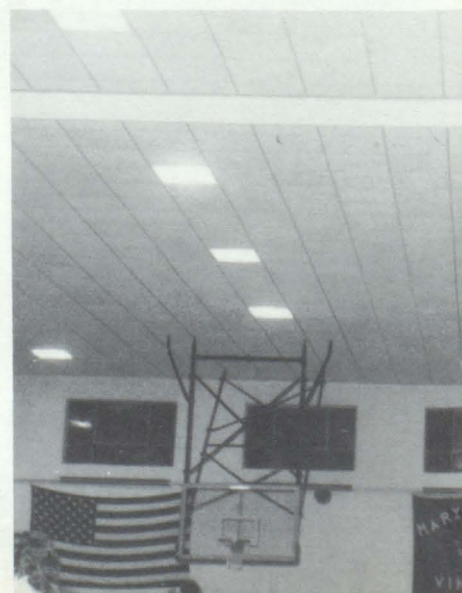

records help the Vikings become SCAL champions. Leading scorer was Greg Gkekas with an average of 17 points per game. Leading re-bounder was Steve Nofs. Next year should be a very interesting season because they will have nine letter winners returning.

# JV Boys Display Talent

"This team had a lot of depth. All the players demonstrated basketball talent. This is unusual," stated Coach Schmorow when asked about the J.V. team.

The toughest game was their first game against St. Clair. They were seldom on offense and spent long periods on defense.

When asked what was the most exciting game, Coach Schmorow replied, "The Cros-Lex games because they were for the SCAL league championship."

"This team is made up of great young men which makes coaching them an enjoyable experience," commented Coach Knuth, when asked what he thought of his team as a whole. Some of their best assets were that they learn very well, they have a good attitude and seem to enjoy basketball.

When asked what had been their best game, Coach Knuth stated, "Anchor Bay, we played great defense, as good as I have seen a freshman team play."

The captain of the freshman team was Darrell Rebman, his team worked very hard and was able to do as many things on defense and offense as any team Coach Knuth has coached. He says that this makes them very coachable, and that is why he enjoys coaching them so much.

"What goes up must come down" or so Rich Berdan and Ed Ingram have been told.

The officers this year are President, Scott Beaudry; Vice President, Dan Curley; Secretary, Barry Braun; Treasurer, Rod McLane; and Sgt. at Arms Sam Hudson. Their meetings are held twice a month.*

# VARSITY EXCELS

*E-N-T-H-U-S-I-A-S-M . . . . A must when it comes to cheering and this year's Varsity was a great example of this.*

*Other than cheering at games, the Varsity had many other things going on. During the summer they visited the University of Michigan for the week-end. It was filled with hardwork but it was worth it to them. They came home with a plaque inviting them to Nationals, but were unable to attend. Later in the year they traveled to the Pontiac Silverdome and placed ninth out of fifty squads.*

*The cheerleaders had a goal this year that they hoped to meet and that was "Crowd Involvement". Varsity did a great job on this and met their goal early in the season.*

*Coaching is not an easy thing to do but Mrs. Tammy Bennett has a tendency of making it look that way. Mrs. Bennett coaches all three squads and does a great job, and all her talent helped the Varsity to have a very successful and winning season.*

The 1982 Marysville Swim Team's best meet was their second place finish at the Washabaugh Relays at Bay City. A total effort by all team members, including a record setting performance by Brad Allen, Jeff Brougham, Rhonda Hart, and Ron Hart, brought about their best finish in the six team event in the 5 years they have swum there.

Jeff Brougham was the best swimmer this season. He set a school record in the 50 yard freestyle and qualified for the state meet. Jeff also set a school record in the 100 yard breaststroke, breaking a record set in 1973.

Coach Evans has been coaching the team for 5 seasons. He enjoys working with high school people, and seeing people work toward goals, and succeeding.

*Some graduates feel little pain and others have difficulty letting go, but we all leave a part of ourselves behind. Marysville can and never will be the same. We took the good and conquered the bad. Four years of friendship, frustration and growth have left their mark on the Class of 1982.*

*Seniors, remember we are the future and our dreams were made to come TRUE.*

*Many memories were made possible by our Senior Steering Committee and Officers. Many meetings were held to organize the float, senior activities, and to hold a successful prom.*

# TOP SCHOLARS AND

# MEMORIES THAT WILL LAST FOREVER

1. Jan Everitt and Therese Amesse rockin' in the New Year, 1980.
2. Therese Amesse, Brenda Simmons, and Holly Heamen smile for a picture during Christmas, 1980.
3. Jan Everitt, Therese Amesse, Fay Vonalt, Sue Haas, Kathy Taylor and Ann Hayes, ignore the sign in the window.
4. Who are the clowns? Homecoming, 1979.

As we entered the world of older people, lights, bells, and seemingly complicated phases here at Marysville High School, the path ahead was crowded with pitfalls and potential hazards. We survived our sweaty palms and nervousness and moved ahead with our fantasy. Like the Vikings, we were trying to begin our up-and-down journey and pick up as many treasures as possible. We took a collective deep breath, and stepped up to the challenge.

Our Freshman year started out grimly, as we were "the new kids". Our class was led by President—John Hartig; Vice President—Dan Poulos; Secretary—Karyn Jowett; and Treasurer—Jim Johnson.

The first Homecoming float was worse than expected, the float "Sink the Mariners", was overshadowed by our first lady, Jennifer Curtis, elected to Court, but the undefeated Freshman football team showed a glimmer of hope.

The waters got calmer as time passed; however, as we were silently praising ourselves, we realized we still had three more long journeys left.

No longer the "new kids in school", we as sophomores looked forward to our share of harassing the freshmen. Money raisers started to help pay for our first prom the next year, headed by President—Robin Winkler; Vice President—Sue Bowman; Secretary—Joni Venia; and Treasurer—Karen Trasko. Again, our strong undefeated JV football team highlighted our second homecoming, our float improved but not by much. Kim Mills took her place on the Homecoming Court.

That summer of '80 was one we will never forget, the loss of our classmate, Theresa Amesse, touched all our lives.

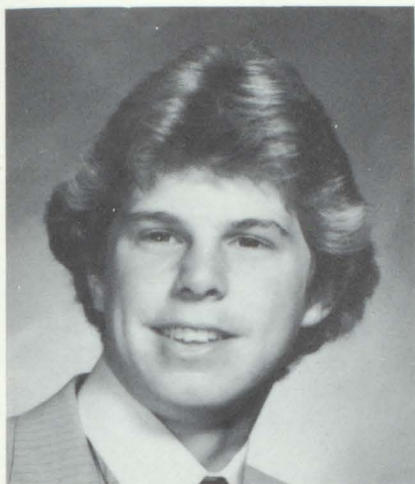

No longer novices, we approached the next voyage with confidence in our abilities and knew we could win against all obstacles. Officers elected this year were Scott Beaudry—President; Rod McLane—Vice President; Karyn Jowett—Treasurer; and Wendy Boettner—Secretary. This year's Homecoming float "Sweet Revenge" took honorable mention (how, we don't know!) as Anne Hayes was our Homecoming representative. The Juniors on the Varsity football team followed a tough '80 football team who went 9-0. But, as always they came through by sharing the St. Clair Area League title with St. Clair. "Sailing to Paradise" was the theme to our Junior Prom, which was held at the St. Clair County Community College.

In the last election, Jim Johnson became President; Scott Beaudry, Vice-President; Alicia Kim, Secretary; and Susan Bowman, Treasurer. Our Queen was once again Kim Mills who was escorted by John Hartig. Karyn Jowett and Keri Tomlo were the Queen's Court. Our Homecoming float "Reckless Abandon" came from the motto of the Varsity football team, who had a great season, finishing 9-0. That record took them to the State Quarter-finals. They were the first team in Marysville history to make it that far. But, they lost to the State Champs, Farmington Hills, 23-13.

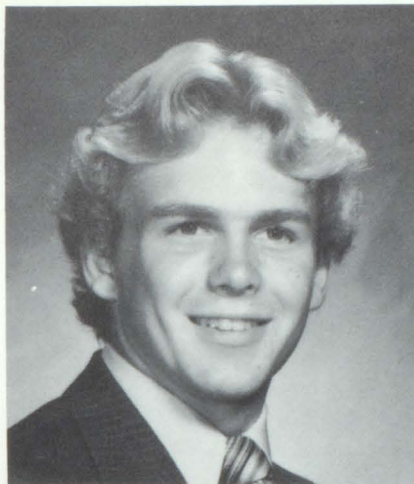

The lights have dimmed, the bells are an echo. It is time to step back, to appraise our voyages, and use all of our experiences from Marysville High School to give us the confidence to accept larger challenges. But even as we turn our backs and walk proudly away, many people will wish they could have just one more short journey.

# SENIORITIS

*They first experienced the disease on a morning in April. The symptoms were all there: an uncontrollable desire to lay out in the spring sun rather than confront their first hour teachers, a mind that refused to concentrate on homework, and an indifferent attitude about anything concerning school. There were countless victims of the sudden outbreak of Senioritis which spread mercilessly among the twelfth graders and affected some juniors, too. The faculty had been warned to be on the lookout for any students experiencing the obvious signs, but not even the most advanced technology could combat this dreaded sickness. The parking lot overflowed with helpless victims as they were drawn uncontrollably to the nearby beaches and parties. Affected eighteen year olds experienced involuntary spasms of telephone dialing, and much to their dismay they excused themselves from their afternoon classes. Often, those beyond cure missed the entire day. The epidemic continued to spread throughout May and June as zeros and "E's left permanent scars in the class record books. Only graduation brought relief from the itch suffered by these seniors. Diplomas and summer vacations began to fight the infection itself.*

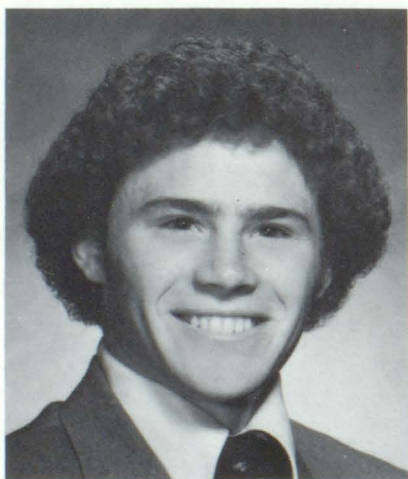

*When September comes again, healthy new seniors will enter school not realizing what is in store for them, but we, the Seniors of the Class of '82, will smile wisely as they struggle for their own diagnosis and cure.*

## *Assembly Line*

*Each year, the teachers turn out another bumper crop of finished products and in turn, receive a brand new shipment of raw materials to be unloaded on the conveyor belts. In these four short years, they will be made available to the public—walking, talking, and thinking the same as the year before that. Skilled craftsmen do the molding and there are conformity standards to be met as the finished product comes with no guarantee. Many will forge ahead for miles and miles—unseen successes of the thankless workers who built them. There will also be lemons, but, this factory does not believe in recalls . . . the automobile industry would be proud.*

# Breaking Away

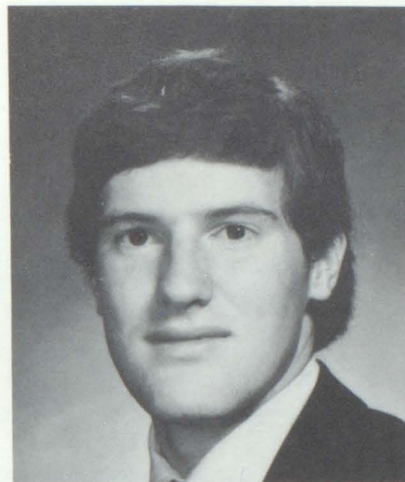

All seniors have mixed emotions as they think about leaving home and going off to college or somewhere maybe for the rest of their life. They talk excitedly about what they anticipate, laughing and joking when they think of breaking away from their parents and gaining independence at last. Yet at the same time doubts, fears and uncertainties run in an undercurrent through their minds. We asked seniors to share some of of these thoughts about leaving home to go to college or wherever ; they came up with a list of the things they will look forward to:

## WILL MISS

Mother's cooking  
Midnight snacks  
Refrigerator raids  
Mom  
Dad  
Privacy of own room  
Mom doing laundry  
Dog  
Old friends  
Family car  
Parents' credit cards  
Spending parent's money  
Microwave oven  
Mom's mending  
Packed lunch  
Eating out

## LOOK FORWARD TO

Freedom  
No restraints  
Independence  
No nagging  
Partying  
Sleeping in  
Late classes  
New surroundings  
New experiences  
Co-ed dorms  
Women  
No curfew  
New slang  
Thousands of guys

# High School is . . .

A brother or sister  
... temporary ecstasy  
... learning to co-exist  
... a first taste of love  
... shallow interludes  
... meaningful friendships  
... bottoming out  
Wondering . . .  
... am I a leader or a follower?  
... Who can I depend on?  
... do I want to compete?  
... Can I meet the Expectations?  
... how will I measure up?  
Struggling . . .  
... with ambitions  
... with authority figures  
... with academic undertakings  
... with thoughts of the future  
... with your self  
it is a state of mind.

# Seniors Talk

A survey was taken among Marysville Seniors recently. The results showed that seniors agree on a lot of things but also disagree a lot. Questions:

1. Can you touch your toes (knees straight)?
2. How many classes did you skip this year?
3. Guys, who do you consider your FEMALE idol? Girls, male idol?
4. What do you look for in a girlfriend/boyfriend?
5. What was your favorite soap opera for your years at MHS?
6. Girls do you kiss on the first date?
7. Guys do you expect a kiss on the first date?

## RESULTS:

Question 1: Nearly 100% of the seniors claimed they could touch their toes!!! Is it the truth?? Only the class of '82 knows the truth.

Question 2: Tabulations show that the average senior skipped classes 12.775 times a year. Not bad; by the way answers ranged from a perfect 0 to a near perfect 98 times.

Question 3: The guys picked cover girl Christine Brinkley and the sexy, young little Calvin girl herself Brooke Shields. The winner for the girls was predictably Robert Redford.

Question 4: The girls looked for a good personality, kindness, a nice car, rich, and most of all a "Good Body." On the other hand the guys could not decide which was more attractive in a girl friend: personality, or smarts. A few on the other hand (well over 99%) said that a "well rounded" girl was the most appealing and that . . . well anyway . . .

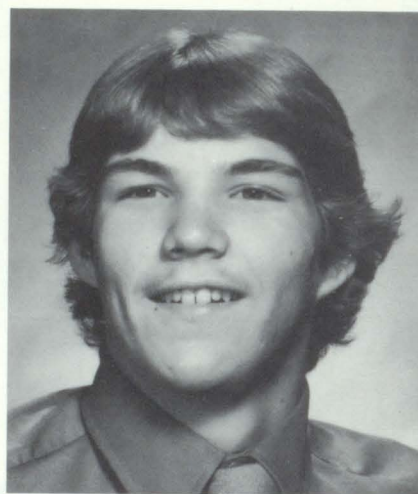

Question 5: General Hospital of course!!!!!!

Question 6: Look out guys, ALL of the girls answers revealed that they kiss on the first date . . . even if they are sick.

Question 7: 99.565% of the guys said that they, too expected, "At least that."

# OVER THE RAINBOW

"Our class is probably the best one all around. We all work well with each other and have fun at the same time" was Tracie French's comment when asked about the Junior class.

A successful Junior Prom was one of the steering committee's main goals this year, but first money must be there, so along with the regular school days, money making was going on. Christmas candy was sold by the Juniors, along with them having the concession stand during football games.

Second place was given to "A Victory Lies Over the Rainbow" which tied with the Senior float also. When Kathy Benoit was asked how she felt about second place she replied, "The float came out pretty good, we were really happy with it, and also with second place."

## Second Place Makes Juniors SMILE!

Participation is a must in a class and the Juniors have nothing to worry about. "We have a huge Steering Committee, but everyone is really there to do something for our class. It makes our class better as a whole." reported Tracie French.

Kathy added, "By the end of our Senior year I hope our class makes our High School something to remember and has the best Senior Year ever!"

1. Pat Kegley . . . "I think school wouldn't be as fun without sports. There would be nothing to do but just sit around."
2. Tim Wedge . . . "I would feel that school would be a waste of time and money. P.S. I would vomit!"

5. Dan Wurmlinger . . . "I would be a sadly unhappy chappy."

9. Frank Rhody . . . "I would feel pretty bad because then there would be no way to compete with other schools and show that Marysville is always trying best in everything that they do."

"Vikings are on the right track" was the sophomore class float theme. Capturing first place with their float it appeared that the sophomores were on the right track.

The sophomore class raised money by selling candy and having bake sales. The main goal of the money raising was to make money for next year's junior prom.

Mr. Goetz was the class advisor and he says the sophomore class was well organized and fun to work with.

Class officers were David Mallore, President; Sandee Sedwick, Vice President; Laura Mackay, Secretary; and Lisa Stevens as Treasurer.

# RIGHT DIRECTION

"At first, not many of the students cooperated until it came time to build our float. Everybody did a real good job." said freshman class President Kim Sabb.

Money making was slow at the beginning of the year but as the year progressed, it started to pick up as the steering committee members came up with fund-raising ideas. One of these plans had included having spring time car washes. Another was selling doughnuts at basketball games and before school started in the mornings. More plans included making and selling T-shirts and buttons for their class. It was decided that all money made would be spent on their proms and future Homecoming floats.

"Strand the Blue Devils" was the theme for the '81 freshmen float, which took third place in the Homecoming Competition. The float featured a canoe with a Blue Devil in it which was being marooned on an island. Construction of the float was at Brian Grochs' house.

Would you believe Don Nabozney watching as Rob Lange tries to catch flies?

Chief freshmen advisor, Mr. Meier stated, "I think we've got a good group this year and they're coming along well. They work real hard. I really enjoyed working with them."

# Fashions at MHS

The fashion scene was dominated this year by designer jeans. MHS students polled said they wore jeans four to five times a week. Levis and Jordache were the most popular. Five pairs of jeans cost twenty to forty dollars per pair would be found in the average closet. Fifty-three dollars was the price of the most expensive pair of those surveyed.

Some of the most popular shoe styles being worn are deck shoes, clogs, duck shoes, cowboy boots, and tennis shoes.

Skirts have become popular on the recent scene this year in school. They are usually worn about 1½ inches below the knees. Of all skirts, pleated ones have become the most fashionable.

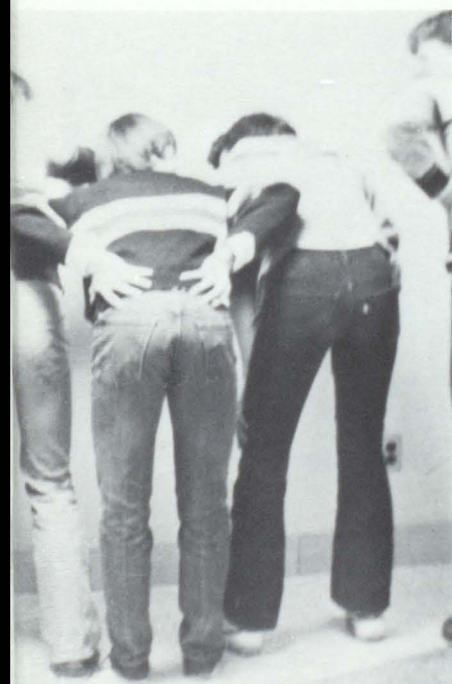

*Jamey Johnson models the "three braid look".*

*Guess who's feet these are?*

*Are the police ready to frisk these guys? No, actually their modeling this years jean fashions.*

*These are a few of the shoes most commonly wore at MHS.*

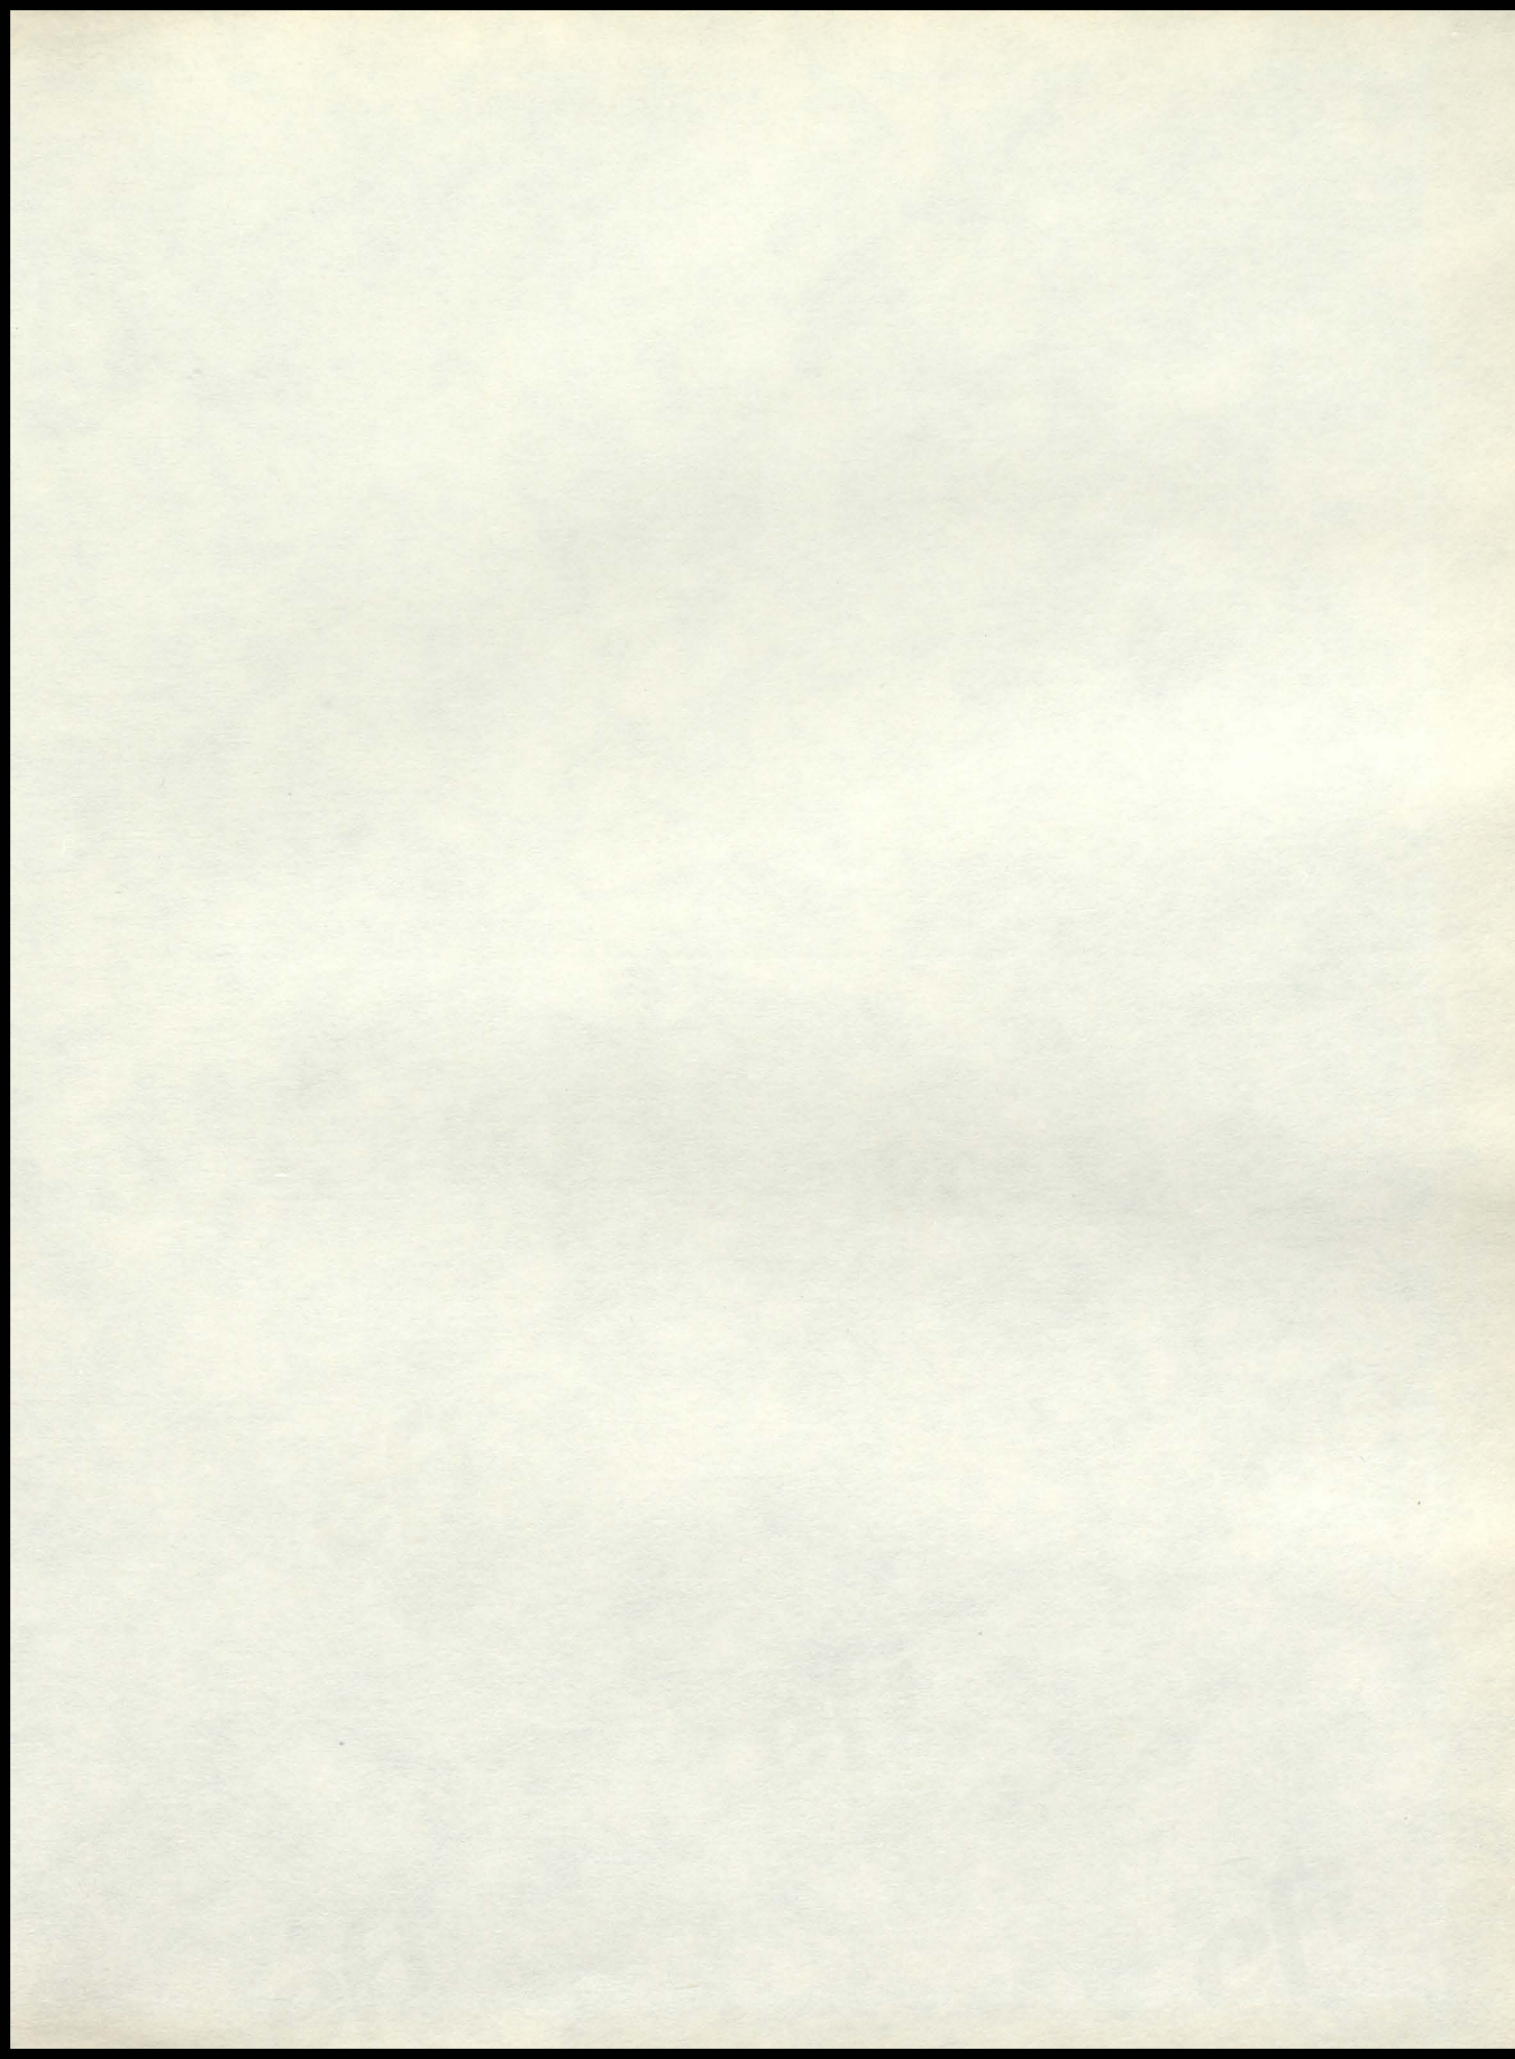

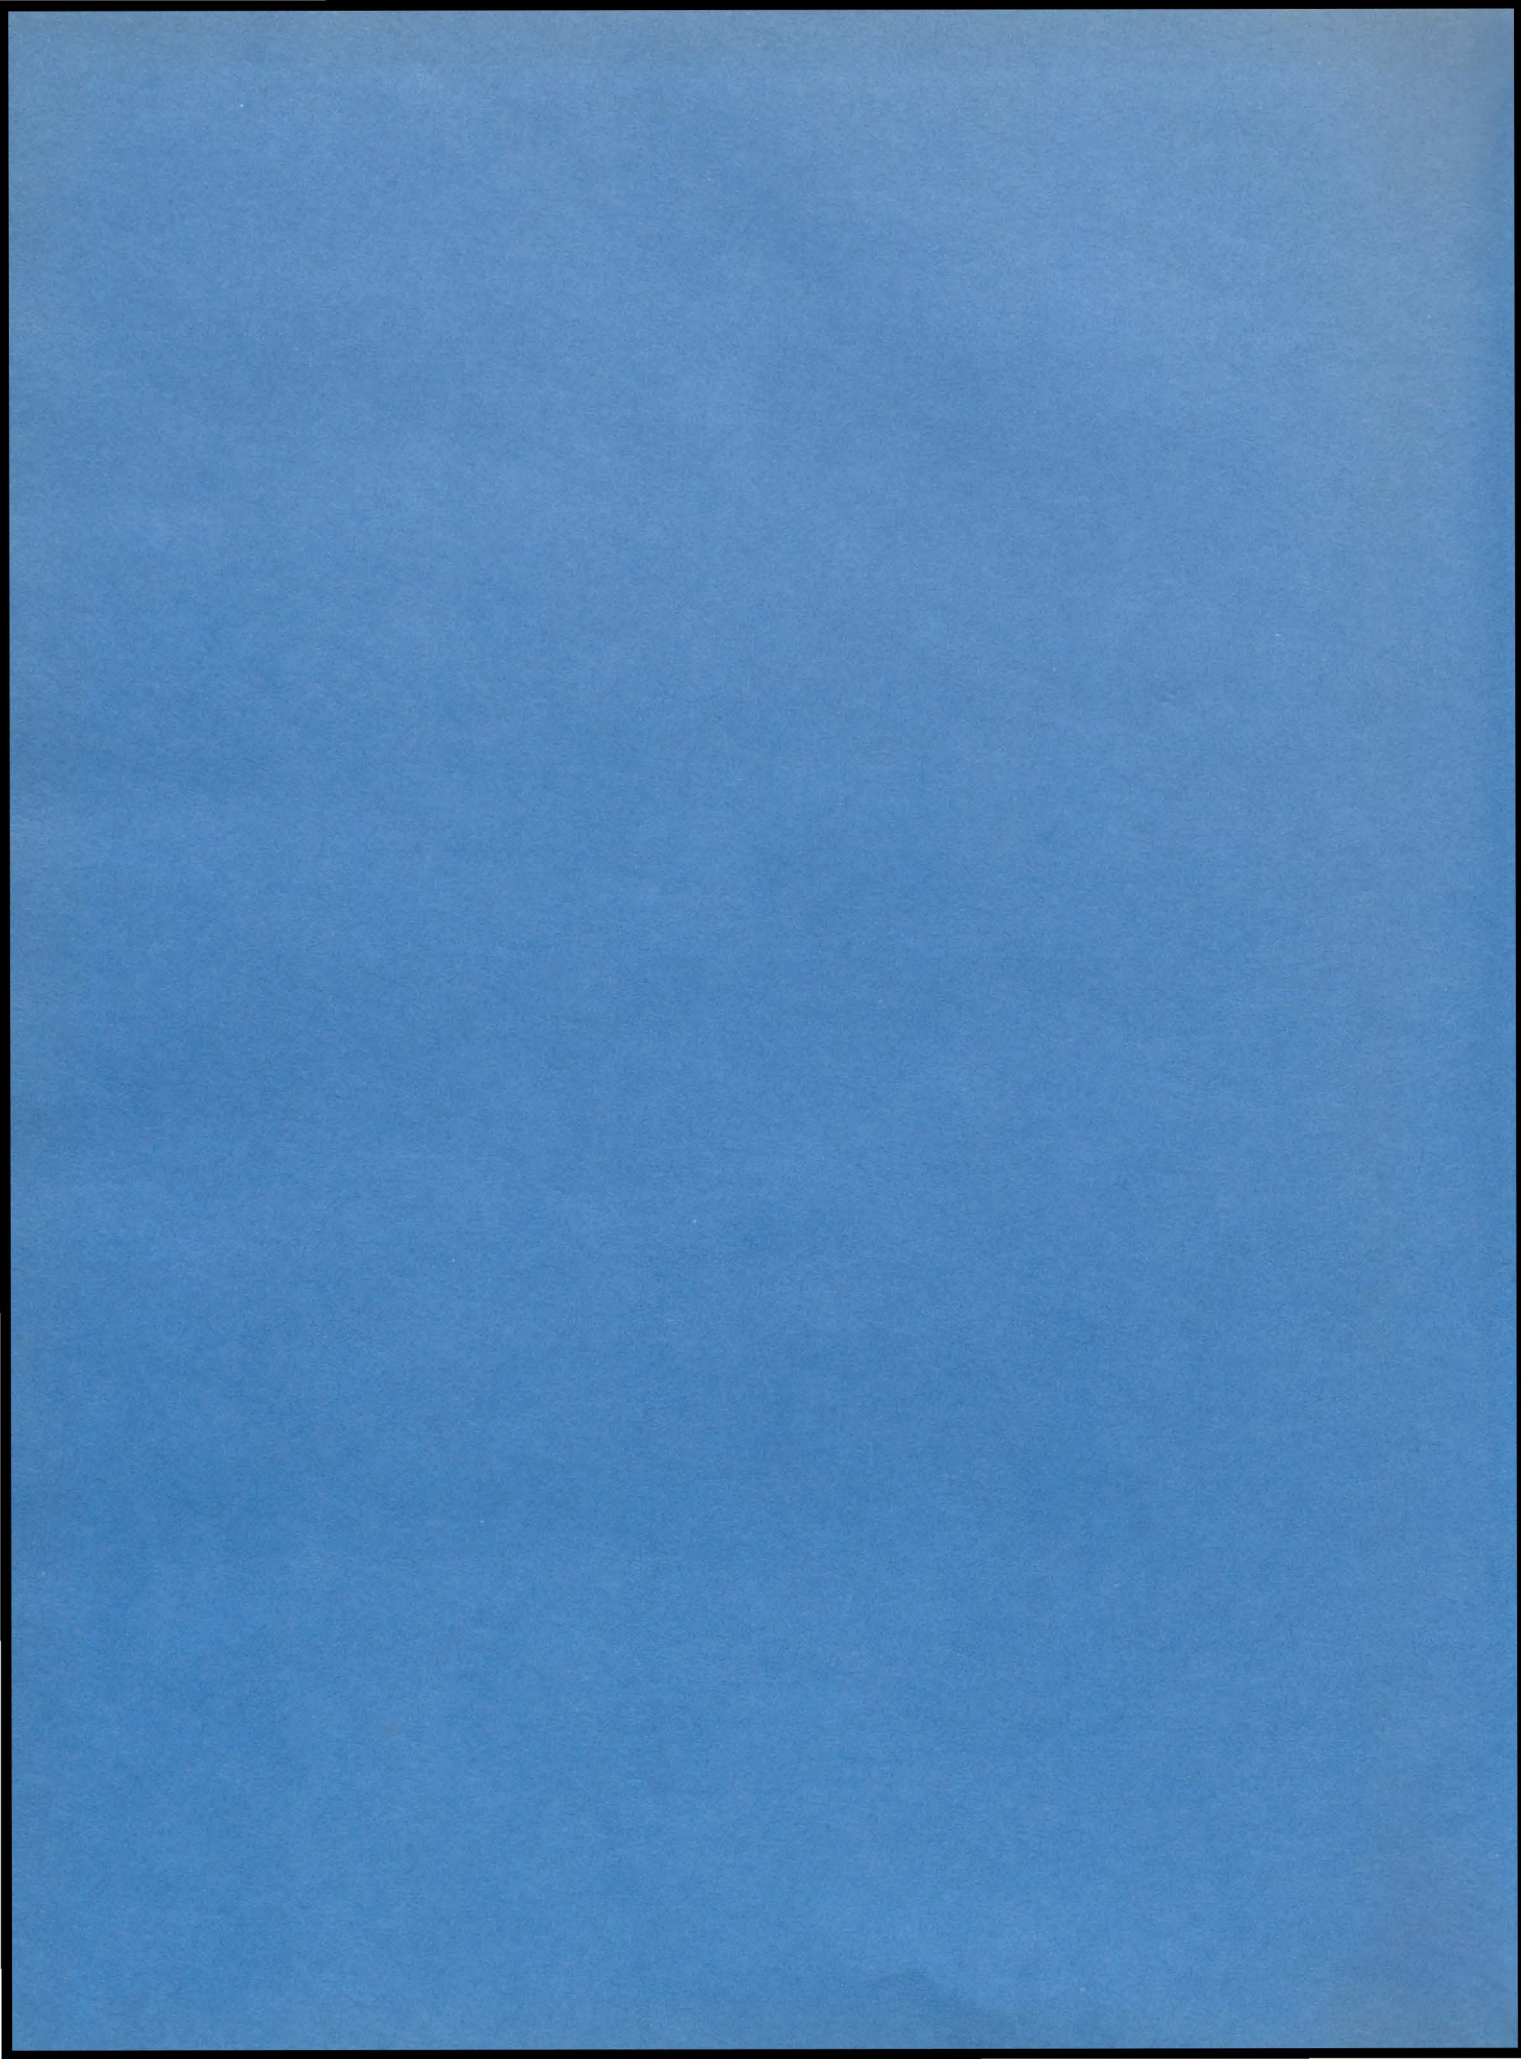

*The conversations of the 1981-82 school year have come to an end. The halls of Marysville High School will be deserted until September. The Seniors have graduated and a new class will take their place. But like the silent telephone, the year's memories will talk to you anytime in the future that you call on the Viking.*
